JOURNAL BAND WILL PLAY DURING FAIR

MUSIC QUESTION IS FINALLY SETTLED

Portland Journal Symphony Organization of 32 Pieces Will Entertain Through During Fair Week—All Prospects Bright.

The question of a band for the big district fair is at last settled and the Portland Journal Symphony organization of 32 pieces has been secured. This is one of the largest musical or-

ganizations in the entire coast country. In addition to playing for many of the important events held in Portland it furnished the music at the big Seattle exposition last year on Portland day. President Roosevelt of the fair association said this morning that he felt sure this organization would prove more of a drawing card than any band that has ever furnished music for the fair.

Never since the fair association was formed have the prospects for a successful show been as bright as at this time, according to President Roosevelt and the other officers and members of the fair board. With the co-operation of the farmers' union in the two counties comprising the third eastern Oregon district, a better lot of exhibits is assumed than have ever been shown here before. The co-operation of the farmers will also assist to increase the attendance and it is expected that Farmers' Day will be the very largest of the entire week.

Loss of Vitality is loss of the principle of life, and is early indicated by falling appetite and diminishing strength and endurance. Hood's Sarsaparilla is the greatest vitality—it acts on all the organs and functions, and builds up the whole system.

National Club Opens.

New York, Aug. 12.—As the actors on Broadway, who are swarming to town to get ready for autumn productions, are pining for fistic entertainment, Director Tom O'Rourke has obligingly consented to reopen the National Sporting club tonight. The attraction will be a ten-round go-between Tony Ross and Jim Smith. Ross gave Al Kaufman a hard tussle at the Fairmont club last year, and is expected to show something classy tonight.

Swimming Championships.

New York, Aug. 12.—Two Metropolitan championships will be decided today at the Deal Beach swimming meet. The New York Athletic club has entered Daniels, the record-breaker, and Goodwin, another star, in the 880-yard championship, and Smyrk and O'Callaghan in the fancy diving contest. Smyrk made a great reputation in England before coming to this country and is expected to show something spectacular.

Great Census Army.

Calcutta, Aug. 12.—Examinations were held today to select a part of the great army of a million enumerators required in taking the census of India.

Gate of Heaven Closed.

Peekskill, N. Y., Aug. 12.—Visitors to a small church, named the Gate of Heaven, near this city, have recently been surprised to see this notice posted on its door: "Gate of Heaven closed for the summer."

Fruit Pickers Wanted.

100 men and women wanted to pick fruit. Will pay \$8 to \$10 a box. Pickers can earn from \$2 to \$4 a day. Apply to Chas. Andrews, Milton, Ore.

STOCK EXCHANGE SEATS SUFFER SEVERE DECREASE

New York.—The aggregate value of the 1100 seats on the New York stock exchange reached \$105,600,000 last year, contracted with a total of only \$71,500,000 on the basis of the last sale, a shrinkage of \$34,100,000. Earlier this year a maximum of \$100,000,000 was attained, a seat having sold at \$91,000, against last low figure of \$65,000, and last year's maximum of \$96,000. During the panic there was a fall of \$56,650,000, a serious drop as compared with \$104,500 in both 1908 and 1909. The minimum during the last decade was \$33,000,000, recorded in 1900. The value of all the seats on the Boston stock exchange, on the basis of the last sale at \$27,000, is \$4,150,000, contrasted with a high record of \$5,775,000 before the panic. At present Boston seats are selling only \$2000 above the panic prices. There has been a decline between the last two sales of no less than \$10,000. Commission houses everywhere are suffering acutely from the chronic apathy of the public toward securities, and unless things radically change the 1910 profits will be losses so to speak.

Just Dirt

or a bad soil—it's the same to us—our work is sufficient in cleaning and pressing particular people's garments, yet our charges are modest to a degree that'll please the most economical.

Minimum temperature, 55.

An Action for Money.

J. H. Gwinn today brought suit against A. G. McCarty for the collection of notes and accounts held by various Pendleton businessmen. They total \$423.55 and interest is due on some of the notes.

Making Bits and Spurs Here.

The Hamley harness company has added a bit and spur maker to its list of employees. He is M. Morella, a skilled Spanish machinist who devotes all his time to the manufacture of the finest silver mounted spurs and bits. Much of his work is as fine as any of the kind ever seen in the northwest.

Mrs. Turner Gets Divorce.

The circuit court yesterday granted a divorce to Mrs. Jennie Turner, wife of Doynes Turner. The latter had sued for a divorce, alleging cruel and inhuman treatment, giving unreasonable jealousy as the cause of the treatment. Mrs. Turner, however, filed a cross petition and secured the divorce.

Suffers Sixth Stroke.

Ernest Knight came in from his ranch near Helix this morning. He is just recovering from a slight stroke which he suffered about 10 days ago and which confined him to his bed for a week. This is the sixth time in seven years he has been overcome by heat during the harvest season, the last occasion, two years ago, almost proving fatal.

"Babe" Bean Improving.

Though he has not yet fully regained consciousness, "Babe" Bean who was seriously injured in the runaway accident Monday morning, is said to be slowly recovering. He will rouse when spoken to sharply and at times he recognizes the different members of his family. Periods of consciousness are always followed by periods of unconsciousness, however.

New Man at Warehouse.

R. G. Buchanan, a salesman from the East, has been secured to take charge of the dress goods department of the Peoples Warehouse. He takes the place made vacant by the resignation of F. L. LeClaire who expects to leave in a few days for Montana. Hawley Bean came in yesterday from the Creswell ranch where he has been harvesting. He was forced to give up his job because of an injury to his right hand.

Dale Preston Is Dead.

Dale Preston, the well known young business man of Walla Walla, who has been at Wenaha springs during a greater part of the summer, died at his home in Walla Walla, Wednesday evening. He had been suffering for four months with Bright's disease, but following his return from Wenaha he appeared so much better that the end was unexpected when it came. He was 31 years of age and was best known in Umatilla county by reason of his having promoted the Athena mill and having been manager of it for a number of years after its establishment. He is survived by a wife, who was formerly Miss Stella Anderson of Eugene.

MURDERER OF MARQUIS HAS ADMITTED HIS GUILT

Paris.—Six years ago the Marquis of Corgeat was found murdered in his chateau near Mirabeau. The lodge keeper was suspected and arrested, but released after a fortnight for want of evidence, and the case was soon forgotten.

A few days ago the police of Dijon were informed that a man named Convers, now undergoing a sentence for another crime in the penal settlement of French Guiana, had boasted to one of his fellow prisoners of having killed the marquis and never being suspected. His confidant hastened to inform the authorities. Convers, when tasked with the crime, admitted his guilt. He will be sent back to France and handed over to the Dijon police.

SHOOTS HIS SON THROUGH THE HEART

Paris.—A grim village tragedy was reported in Bordeaux recently. An old man of 70, named Drouot, was dying in his cottage at Seignecourt, and sent for his three sons so that he might, he said, divide his money among them.

The old man was known to be a miser, and two of the three sons ignored the message sent by their father. They refused to go to his deathbed, but the third son went. As he entered the room the old man raised himself in bed, drew a gun from under the clothes, shot his son through the heart and blew out his own brains.

In the mattress of the dead man's bed were found notes and gold to the value of over \$10,000.

MULE STARTS RUN ON KENTUCKY BANK

Louisville, Ky.—A mule's death was responsible for a run on a South Louisville bank Wednesday. A depositor on Monday purchased the animal, giving in payment a check for \$75.

That night the animal died. Suspecting that he had been "stung," the purchaser stopped payment.

The payee presented the check just before the bank closed and payment was refused. He left, spreading a report that the bank had ceased payments.

More than 100 depositors were in line seeking to withdraw their savings when the bank opened Wednesday. By noon the real cause of the run had been learned and it stopped.

Dressed spring chickens at Ingram's grocery Saturday.

IN THE SPORTING WORLD.

(Continued from page five.)

heat tonight at the Fairmont Athletic club, with Stanley Ketchel as pace-maker. Whether Lang is a real fighter, or only another Australian lemon, will be decided, as "the assassin" may be trusted to bring out the yellow, if any lurks in Bill's system. There has been an unusual demand for seats and a large and classy bunch of Broadway lights will witness the scrap.

Hugh McIntosh, the Australian fight promoter, is Lang's backer and brought the big Australian to this country. Wilson Mizner is now handling the affairs of the middleweight champion. Before leaving for this country Lang lost a twenty-round decision to Tommy Burns at Sydney, which would seem to put him out of the Johnson class. In his two previous battles he stopped poor old Bob Fitzsimmons in twelve rounds and Boshier Bill Squires, the big joke, in seven rounds. In Ketchel he will meet a real live fighter, and the result remains to be seen. The middleweight champ asserts that he is in good condition, although some wise ones who claim to be in the know allege that he is not the old "assassin" who beat all the middleweights except Langford.

Even if Lang makes a good showing against Ketchel, it is by no means certain that he will be given a crack at the heavyweight championship. Ketchel was but a child in the hands of Johnson, and at that Johnson has never let himself out. The fans of this country have had too many false alarms of late, and if Lang should make enough of a showing to attract the attention of Johnson, the fight would have to be pulled off in Australia to get enough of a gate to make it profitable.

FAMOUS CULLINAN DIAMOND PRESENTER TO QUEEN MARY

London.—Sir Richard Solomon, high commissioner of the union of South Africa, has presented to Queen Mary, at Marlborough House, six diamonds mounted as ornaments and cut out of the well known Cullinan stone, which was discovered early in 1905, in the Premier diamond mine near Pretoria. The gift came from the government and people of South Africa, in commemoration of the union. The two largest of these diamonds, which are considered by experts to be of matchless quality, one weighing 92 and the other 62 carats, have been mounted on a small pendant, and the sixth diamond as a ring.

On November 9, 1907, Sir Richard Solomon, as agent general for the Transvaal, presented the original Cullinan diamond, weighing about 3,000 carats—more than three times the size of the largest diamond previously discovered—to his late majesty as an expression of the feeling of loyalty and attachment of the people of the Transvaal.

AWFUL TORTURES INFLICTED ON WOMAN BY THE SULTAN

Tangier.—Sufficient time having elapsed for precautions to be taken for the security of the tortured wife of the Aissa, it is possible to give a few details of her condition on the day of her examination six weeks after the torture had been inflicted. Her right shoulder was dislocated, possibly also broken, and much swollen, causing intense pain. Her right arm was almost useless, and the hand is permanently closed. Her forearms bore unhealed wounds and healed scars, evidently caused by chains or ropes. Her legs and feet were scarred. In the opinion of those who examined her, and of the doctors acquainted with Moorish methods, she suffering the following tortures: First her right hand was sewn up in a damp rawhide, which, by contracting, causes intense agony and leaves the hand crushed and useless. Secondly, she has been suspended by ropes or chains attached to her forearms and wrists in such a manner as to cause the whole weight to be born by the arms. Any jerks on the ropes would be sufficient to cause the injury to the shoulder and the deep cuts in the flesh of the forearms. Miss Mellett and Miss Denison, two ladies of the Fez Medical Mission, accompanied by Madam Murat, the wife of the French doctor of Fez, made the examination. The sultan undoubtedly imagined that these ladies would be satisfied with a verbal examination of the woman, who, of course, had been prompted and menaced, but in spite of opposition, they succeeded in medically examining her, with the results given above.

FINE HORSES ENTERED AT OREGON STATE FAIR

Salem, Ore.—Some of the best horses ever seen in the west are entered for the harness events of the Oregon state fair September 12 to 17, inclusive, and splendid contests may be looked for. The course has been worked down to a far better condition than ever before and track and northwest records will undoubtedly be made.

Lone Oak track when in condition is one of the fastest race courses in the country, and it is here that the most famous speed contests on the Pacific coast have taken place. It is here that Chehalis broke the world's pacing record for two miles on October 6, 1907, setting the mark at 4:19 1-4, and the following year a new record, for a guileless pacer, of 2:04 1-4 was made by Del Norte.

The race record for Lone Oak track is 2:05 1-4, held by the pacer Leland Onward, 2:04 1-4. This record was made in the Rapid Transit purse of \$1000 for 2:05 pacers on September 18, 1908. He was in competition with Mona Wilkes, 2:04 1-4. The track record for trotters is 2:10 1-4, made by Day Break in the Lewis and Clark \$500 stake on September 17, 1908. The track record for trotters, 2:0 1-4 held by Day Break, was equaled last year by Lady Sirius in the third heat of the 2:15 trot for the Farmers' \$1000 purse.
